The Examiner rejected claims 103, 106, 107, 111, and 112 under 35 U.S.C. §112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Applicant respectfully traverses the rejection. However, in the interest of furthering prosecution, Applicant has canceled claims 103, 106, 107, 111, and 112, rendering the rejection moot.
